

14-17 November 2019, Vienna, Austria

11th European Multidisciplinary Congress on Urological Cancers

Implementing multidisciplinary strategies in genito-urinary cancers

In conjunction with the:

- 8th Meeting of the EAU Section of Urological Imaging (ESUI)
- European School of Urology (ESU)
- EMUC Symposium on Genitourinary Pathology and Molecular Diagnostics (ESUP)

Friday, 15 November 2019

- 08:30 - 08:40** **Welcome and introduction**
Medical oncologist
Radiation oncologist
Urologist
- 08:40 - 10:30** **Early detection of prostate cancer 40 years later. The 40th birthday of PSA**
Chairs: Radiation oncologist
Radiologist
Pathologist
Urologist
- 08:40 - 08:45** **PSA screening has to come back**
Urologist
- 08:45 - 08:55** **The story of PSA**
Urologist
- 08:55 - 09:05** **Early detection in Prostate Cancer in 2019**
Urologist
- 09:05 - 09:15** **Prostate cancer screening by MRI: Will it ever happen?**
Radiologist
- 09:15 - 09:25** **Prostate cancer morphology: major changes with clinical significance over the last 40 years**
Pathologist
- 09:25 - 09:40** **Discussion**
- 09:40 - 09:50** **Biomarkers for early detection: real game changers?**
Researcher
- 09:50 - 10:00** **Medical application of Prostate Cancer genomics**
Pathologist
- 10:00 - 10:30** **Discussion**
- 10:30 - 11:00** **Coffee break and poster viewing**
- 11:00 - 12:25** **Prostate cancer: From active surveillance to active treatment**
Chairs: Radiation oncologist
Urologist
- 11:00 - 12:00** **Multidisciplinary case discussion - From active surveillance to active treatment**
Case presenters: Urologist
Radiation Oncologist
Discussants: Pathologist
Medical oncologist
Radiologist
Urologist
- 12:00 - 12:15** **Patient management: Psychologist' view**
Researcher
- 12:15 - 12:25** **Discussion**

- 12:25 - 12:35** **Highlights and results of the APCCC meeting**
Chairs: Urologist
Radiologist
Speaker: Medical oncologist
- 12:35 - 12:45** **Highlights from ESUI**
Chairs: Urologist
Radiologist
Speaker: Urologist
- 12:45 - 14:00** **Lunch break and poster viewing**
13:00 - 14:00 **Industry session**
- 14:00 - 15:30** **Novelties in non-muscle invasive bladder cancer**
Chairs: Medical oncologist
Urologist
Pathologist
- 14:00 - 14:30 VI-RADS for the management of non-muscle-invasive bladder cancer
Radiologist
- 14:30 - 14:45 Intravesical alternatives for non-muscle-invasive bladder cancer treatment
Urologist
- 14:45 - 14:55 Novel biomarkers - urinary markers for in non-muscle-invasive bladder cancer
Molecular medicine
- 14:55 - 15:10 Morphological changes after therapy
Pathologist
- 15:10 - 15:30 Discussion
- 15:30 - 16:00** **Coffee break and poster viewing**
- 16:00 - 17:30** **Challenge the expert session**
Discussants: Medical oncologist
Urologist
Radiation oncologist
Radiologist
Pathologist
- 16:00 - 16:30 **Multidisciplinary case discussion: Complete response after neoadjuvant chemotherapy or immunotherapy**
Case presenter: Medical Oncologist
- 16:30 - 17:00 **Histological variants in non-muscle invasive bladder cancer**
Case presenter: Urologist
- 17:00 - 17:30 **Upper tract recurrence after cystectomy**
Case presenter: Urologist

14-17 November 2019, Vienna, Austria

11th European Multidisciplinary Congress on Urological Cancers

Implementing multidisciplinary strategies in genito-urinary cancers

In conjunction with the:

- 8th Meeting of the EAU Section of Urological Imaging (ESUI)
- European School of Urology (ESU)
- EMUC Symposium on Genitourinary Pathology and Molecular Diagnostics (ESUP)

Saturday, 16 November 2019

- 08:00 - 09:45** **New trials update**
Chairs: Radiation oncologist
Medical oncologist
Urologist
- 08:00 - 08:15** **The SPCG4 study**
Speaker: Urologist
Discussant: Urologist
- 08:15 - 08:30** **The ARAMIS trial**
Speaker: Medical oncologist
Discussant: Medical oncologist
- 08:30 - 08:45** **KEYNOTE 057**
Speaker: Medical Oncologist
Discussant: Urologist
- 08:45 - 09:00** **Metastatic RCC: First line treatment**
Speaker: Medical oncologist
Discussant: Urologist
- 09:00 - 09:15** **Duration of Androgen Deprivation Therapy in High-risk Prostate Cancer: A Randomized Phase III Trial**
Speaker: Radiation oncologist
Discussant: Radiation oncologist
- 09:15 - 09:45** **Discussion**
- 09:45 - 10:00** **Announcement 3 best unmoderated posters**
Chairs: Medical oncologist
Radiation oncologist
Urologist
- 10:00 - 10:30** **Coffee break and poster viewing**
- 10:30 - 11:00** **Multidisciplinary case discussion: Residual disease after chemotherapy in testis cancer**
Case presenter: Medial oncologist
Discussants: Urologist
Clinical oncologist
Nuclear Medicine
Radiation oncologist
Radiologist
- 11:00 - 11:20** **Late breaking news session**
Chairs: Medical oncologist
Urologist
- 11:00 - 11:10** **Update of the IGCCCG classification**
Medical oncologist
- 11:10 - 11:20** **The OLYMPUS study: Optimised DeLivery of Mutomicin for Primary UTUC study**
Urologist

- 11:20 - 12:00** **False positives findings in uro- oncology and their clinical impact**
 Chairs: Urologist
 Radiologist
 Radiation oncologist
- 11:20 - 11:30 Imaging: PSMA PET
 Nuclear medicine
- 11:30 - 11:40 Imaging: MRI of the prostate
- 11:40 - 11:50 False positive results in pathology
 Pathologist
- 11:50 - 12:00 Discussion
- 12:00 - 12:40** **Oral presentation of the 6 best abstracts**
 Chairs: Medical oncologist
 Radiation oncologist
 Urologist
- 12:40 - 14:00 **Lunch break and poster viewing**
 13:00 - 14:00 **Industry session**
- 14:00 - 16:00** **Small renal masses in patients with different comorbidity profiles**
 Chairs: Urologist
 Urological researcher
 Radiation oncologist
- 14:00 - 14:10 Case presentation (including voting, 2 cases)
 Urologist
- 14:10 - 14:25 How to do active surveillance?
 Urologist
- 14:25 - 14:40 Surgery, Focal: what to do when?
 Urologist
- 14:40 - 14:55 SBRT for kidney cancer
 Radiation oncologist
- 14:55 - 15:10 Contrast-enhanced ultrasound
 Radiologist
- 15:10 - 15:25 Histological and molecular differentiation of small renal masses
 Pathologist
- 15:25 - 16:00 Discussion and conclusion on cases (including voting)
- 16:00 - 16:30 **Coffee break and poster viewing**
- 16:30 - 17:30** **Combined treatment with immunotherapy**
 Chairs: Radiation oncologist
 Urologist
 Medical oncologist
- 16:30 - 16:45 Immunotherapy and radiotherapy
 Radiation Oncologist
- 16:45 - 17:00 Immunotherapy and systemic treatment
 Medical oncologist
- 17:00 - 17:15 Peri-operative immunotherapy in 2019
 Urologist
- 17:15 - 17:30 Discussion

14-17 November 2019, Vienna, Austria

11th European Multidisciplinary Congress on Urological Cancers

Implementing multidisciplinary strategies in genito-urinary cancers

In conjunction with the:

- 8th Meeting of the EAU Section of Urological Imaging (ESUI)
- European School of Urology (ESU)
- EMUC Symposium on Genitourinary Pathology and Molecular Diagnostics (ESUP)

Sunday, 17 November 2019

- 08:30 - 08:45** **Announcement 3 best unmoderated posters**
Chairs: Medical oncologist
 Radiation oncologist
 Urologist
- 08:45 - 09:15** **Pathology in active surveillance: update and controversies**
Chair: Pathologist
Speaker: Pathologist
- 09:15 - 10:35** **Debate: Treatment of metastatic prostate cancer**
Chairs: Radiation Oncologist
 Urologist
 Medical Oncologist
- 09:15 - 10:00** **Best treatment in de novo metastatic disease**
Docetaxel 10': Medical Oncologist
Abiraterone 10': Urologist
When to add local treatment 10': Urologist
Discussion 15'
- 10:00 - 10:35** **Oligometastatic recurrence - Imaging guided therapy**
YES 10': Radiation oncologist
NO 10': Urologist
Discussion 15'
- 10:35 - 10:50** **EU Joint Action (Innovative Partnership for Action Against Cancer IPAAC)**
Health system researcher
- 10:50 - 11:55** **Take home messages**
11:05 - 11:15 Pathologist
11:15 - 11:25 Radiation oncologist
11:25 - 11:35 Urologist
11:35 - 11:45 Radiologist
11:45 - 11:55 Medical oncologist
- 11:55 - 12:00** **Closing remarks**
Medical oncologist
Radiation oncologist
Urologist
